

**Old Nags Head Place
Cottage Color Guidance**

The following is a listing of house colors developed by the Old Nags Head Place Architectural Review Board (ARB) in response to homeowner requests for more specific guidance on approvable house colors within the neighborhood.

The paint/stain listing consists of colors within the shades of “grays and earth tones” as stated in the Covenants of the Old Nags Head Place Home Owners Association (HOA). The listing contains many approvable colors and is to be used as a guidance tool when selecting an exterior house color.

The listed colors are commercial paint/stain brands that are considered to be easily accessible in the Nags Head area. Applicants are not limited to these specific commercial brands for a paint/stain selection. Although considered to be a comprehensive list, the ARB recognizes that it is not the only source of color choices.
